

Anji Yardley

It was about 10 years ago that I went to my first race meeting with Jono, I can remember sleeping in the back of his van at Silverstone. For the first few meetings my role was confined to making coffee and bacon sandwiches. When we started racing with the CRMC, I started to really enjoy meeting our many new friends and getting more involved. I took on the role of selling the club merchandise, and then about 4 years ago, I was asked if I would like to help out in the race office.

Since then I have progressed to take responsibility for the running of the office; organising signing on, dealing with the many queries, machine & rider changes and of course the results, along with many other jobs.

I really enjoy my work and feel privileged to have so many friends, both riders and supporters, who I do my best for them to have a great weekends racing or parading. I am a qualified ACU steward and have a good understanding of the many issues of running a meeting from both the riders and the organising side.

If I am elected to the committee, I would look forward to helping the CRMC continue to be successful and develop in a direction, which the members approve.

Dave Grigson

I would like to introduce myself to those of you that don't know me in the CRMC.

I originally started racing in 1980 and retired in 1988 and raced a number of different types of race bikes which included RD250/350LC's, TZ250/350's and GSXR750 and 1100's competing on short circuits and the roads at the MGP and TT

I have been a member of the club since 2011 as a racing member. (I had a midlife crisis according to my wife). In 2012 I volunteered to be a class rep for the Post Classic Grand prix 250/350 class of which I am very passionate. In this time I have assisted with eligibility issues and supporting anyone who has needed help or advice with this class. I have a great network of contacts which help me support the class. I am keen to use this to improve the experience we have at the CRMC. I have been fortunate in having some success while racing with the club winning the PC250 class championship in 2013 and 2016.

I'm also trying to encourage and support some of the clubs younger riders in being successful in their racing. Currently I am helping Jordon and Aiden Greenshields who have had a very good season in the Post Classic 125 class. I would like to work with the committee to improve communication between the members and the committee so we can get the issues that are being brought up by the members addressed and the outcomes communicated back to the members as I feel as a club the CRMC need to improve in this area.

I would like to see a plan as to where the club would like to be in future years with a 3 to 5 year plan in place to ensure the continuation of the club.

Della Bufton

I have been an active racing member of CRMC for 5 years as a passenger, currently racing with #84 Tim Chapman on his BMW. This season I have also given the solos a try, joining the Parades on an FZ 600.

My work life has involved 28 years of working in the voluntary sector which means I have a lot of experience working with volunteers, committees, and doing a lot of organising. I'd like to bring this experience to the CRMC committee. Having knowledge and experience as a solo rider and a sidecar team member can only be a good thing when it comes to making decisions about the club! I get a real buzz from racing and love the whole CRMC scene, and feel that I can complement the current committee members and add something new. Some of you will know me better as 'Buffy', 'Auntie Del' or just plain old 'Della of Team Fat Blokes Racing' (of course I am the honorary girl).
